- 40 In the case of Notes denominated in the currency of a country that subsequently adopts the euro in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union, whether the Notes will include a redenomination clause providing for the redenomination of the Specified Currency in euro (a “Redenomination Clause”), and, if so specified, the wording of the Redenomination Clause in full and any wording in respect of redenominalisation and/or consolidation (provided they are fungible) with other Notes denominated in euro. Not Applicable
- 41 Additional Information: The provisions set out in the Annex A, Annex B and Annex C shall apply to the Terms and Conditions in accordance herewith.
- In addition, potential investors should note the additional risk factors set out below. These risk factors do not constitute any form of advice and potential investors should seek their own independent advice with respect to investing in the Notes.
- Liquidity and Secondary Market Risks**
- The Notes will not be actively traded in any financial market and there may exist at times only a very limited, if any, market for the Notes, resulting in low or non-existent volumes of trading in the Notes. Therefore, an investment in the Notes will be characterised by a lack of liquidity and price volatility. Although the Issuer or the Dealer, at its respective sole discretion, may provide a repurchase bid price for the Notes if requested, neither the Issuer nor the Dealer is under any obligation to do so and, in any event, as a result of market conditions may be unwilling or unable to provide a repurchase bid price if requested. Because liquidity in the Notes may be effectively limited to Issuer

repurchase, an investment in the Notes is intended for Noteholders that intend to hold the Notes to maturity.

The price at which Noteholders will be able to sell their Notes prior to maturity, if any, may be at a substantial discount from the principal amount of the Notes. Noteholders should expect the price at which the Issuer or the Dealer is willing to repurchase the Notes to be affected by changes in the exchange rate, interest rates, inflation expectations and market conditions.

The Notes are intended to be a hold-to-maturity instrument. If Noteholders sell their Notes in the secondary market prior to maturity they will not receive principal protection or any minimum total return on the portion of their Notes sold. Noteholders should be willing to hold their Notes until maturity. Noteholders will receive 100% of the principal amount, subject to the Annex A, of the Notes only if they hold their Notes to maturity.

Risks relating to the placement

The subscription for English law governed securities issued by an international organisation (such as the Issuer) is not very common in Kazakhstan. The laws of Kazakhstan do not sufficiently regulate securities issued by international organisations under a foreign law governed global medium-term programme, which are then placed in Kazakhstan.

Risks relating to Specified Currency routed through a clearing system

As set out in the Annex A.

Risks relating to payment

Under Kazakhstan legislation on securities market, a nominee holder with the right to register securities transactions must keep its own financial instruments and funds separately from the financial instruments and funds of its clients.

In relation to financial instruments, the KCSD allows for an indefinite number of segregated client sub-accounts to be opened under the account of the nominee holder in the KCSD system. Thus, a nominee holder can ensure

separate safekeeping of client financial instruments.

However, in relation to clients' funds kept by a nominee holder, the relevant KCSD regulations stipulate that the nominee holder shall be entitled to maintain only one bank account for safekeeping of its clients' funds. That is, the account of the nominee holder where clients' funds are pooled is a consolidated bank account with no segregation into clients' sub-accounts. There is a risk therefore that clients' funds kept by a nominee holder may be inaccurately accounted due to the pooling of all such funds into one single bank account at the KCSD. There is also a risk that any payment shortfall in the pooled client account is compensated by recovering the shortfall pro-rata from all other funds held in that account.

Annex A
Settlement, Disruption and Fallback Provisions

All payments in respect of the Notes will be made in KZT, subject to the occurrence of a Settlement Disruption Event and will in all cases be subject to any fiscal or other laws applicable thereto.

If the Calculation Agent determines (in its sole discretion acting in good faith and in a commercially reasonable manner) that a Settlement Disruption Event has occurred and is subsisting during a Determination Period:

- A. The Calculation Agent shall notify the Issuer and the Agent of its determination promptly after making such determination (but in no event later than 11:00 a.m. London time one (1) Business Day after the last day of the relevant Determination Period) whereupon the Agent shall promptly thereafter (but in no event later than one (1) Business Day after receipt of the notice from the Calculation Agent) notify the Noteholders thereof (in accordance with Condition 13 of the Notes), and
- B. Noteholders will not be entitled to any amounts in respect of the Notes until the earlier to occur of (i) the day falling two Business Days after the day on which the Issuer is notified by the Calculation Agent that the relevant Settlement Disruption Event no longer subsists and (ii) the relevant Postponed Interest Payment Date, the Postponed Maturity Date, or the Postponed Early Redemption Date, as the case may be.

If a Settlement Disruption Event no longer subsists, on or before 5:00 pm London time on the fourth Business Day preceding the relevant Postponed Interest Payment Date, the Postponed Maturity Date, or the Postponed Early Redemption Date (as the case may be) the Calculation Agent shall notify the Issuer and the Agent thereof promptly on or after the Business Day on which such Settlement Disruption Event no longer subsists (but in no event later than one (1) Business Day thereafter) whereupon the Agent shall promptly thereafter (but in no event later than one (1) Business Day after receipt of the aforementioned notice from the Calculation Agent) notify the Noteholders thereof (in accordance with Condition 13 of the Notes).

If any amount is to be paid on a Postponed Interest Payment Date, Postponed Maturity Date or Postponed Early Redemption Date (as the case may be), regardless of whether a Settlement Disruption Event is still subsisting at such time, payment shall be made in United States Dollars (“USD”) and shall be calculated by the Calculation Agent (and promptly notified to the Agent and the Issuer (but in no event later than two Business Days before the relevant Postponed Interest Payment Date, the Postponed Maturity Date or the Postponed Early Redemption Date (as the case may be))) in an amount per Specified Denomination which shall be produced by the following provisions, such amount to be rounded to the nearest whole cent (with USD 0.005 being rounded upwards):

$$\text{Relevant KZT Amount} \div \text{Reference Rate}$$

For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of any delay in payment beyond any of the originally scheduled Interest Payment Date, Maturity Date, or as the case may be, Early Redemption Date (in each case, as adjusted, if appropriate, in accordance with the Following Business Day Convention) to the relevant Postponed Interest Payment Date, Postponed Maturity Date or Postponed Early Redemption Date (as appropriate) because of the operation of the provisions of this Annex.

Following a determination by the Calculation Agent (in its sole discretion acting in good faith and in a commercially reasonable manner) that a Settlement Disruption Event has occurred during a Determination Period and that it subsists at 5:00 pm London time on the fourth Business Day preceding the relevant Postponed Interest Payment Date, the Postponed Maturity Date, or the Postponed Early Redemption Date (as the case may be), any amount payable shall be made in USD in accordance with the provisions set out above.

For the purposes of these provisions:

“Best Execution Rate” means the rate at which the Issuer may execute a transaction for the sale of the Reference KZT Amount and the purchase of USD at or about 11:00 am London time on the day falling two Business Days prior to the relevant Postponed Interest Payment Date, the Postponed Early Redemption Date (if any) or the Postponed Maturity Date (as the case may be) for settlement the date that is falling two Business Days thereafter where the resultant USD amount is greater than the sum calculated using a Reference Rate that is an arithmetic mean of firm quotations by Reference Dealers calculated as specified below.

“Business Day” means any day excluding Saturday and Sunday on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Almaty, London and New York City;

“Calculation Agent” means JSC “Tengri Partners Investment Banking (Kazakhstan)” in accordance with the provisions of the Calculation Agency Agreement entered into between the Issuer and the Calculation Agent dated 10 November 2022 (as amended and/or supplemented from time to time). All references to the Calculation Agent shall include any successor or successors to JSC “Tengri Partners Investment Banking (Kazakhstan)” as Calculation Agent in respect of the Notes;

“Determination Period” means (i) in relation to any Interest Payment Date, the period which falls between ten and three Business Days (inclusive) preceding the relevant Interest Payment Date, as adjusted in accordance with the Following Business Day Convention; (ii) in relation to the Maturity Date, the period which falls between ten and three Business Days (inclusive) preceding the Maturity Date, as adjusted in accordance with the Following Business Day Convention; and (iii) in relation to any Early Redemption Date the period which falls between ten and three Business Days (inclusive) preceding any Early Redemption Date, as adjusted in accordance with the Following Business Day Convention, as the case may be;

“Postponed Early Redemption Date” means the tenth Business Day following the originally scheduled Early Redemption Date (if any);

“Postponed Interest Payment Date” means the tenth Business Day following the originally scheduled Interest Payment Date;

“Postponed Maturity Date” means the tenth Business Day following the originally scheduled Maturity Date;

“Reference Dealers” means leading dealers, banks or banking corporations, which regularly deal in the USD/KZT exchange market, as selected by the Calculation Agent in its sole discretion, acting in good faith and in a commercially reasonable manner;

“Reference Rate” means the arithmetic mean of such firm quotes (expressed in KZT per 1 USD) as the Calculation Agent is able to obtain from five (5) Reference Dealers at or about 11:00 a.m. London time for the sale of the Reference KZT Amount and the purchase of USD, on the day falling two Business Days prior to the relevant Postponed Interest Payment Date, the Postponed Early Redemption Date (if any) or the Postponed Maturity Date (as the case may be) for settlement on the date that is falling two Business Days thereafter, as calculated by the Calculation Agent. If five or four Reference Dealers provide such firm quotes, the highest and lowest of such quotes will be disregarded and the arithmetic mean of the remaining quotations shall be the Reference Rate. If three or two Reference Dealers provide such firm quotes then the arithmetic mean of the quotes actually obtained shall be the Reference Rate, as calculated by the Calculation Agent. If only one Reference Dealer provides a firm quote then such quote shall be the Reference Rate, and if no Reference Dealer provides such a firm quote, then the Calculation Agent shall determine the Reference Rate in its sole discretion, acting in good faith and in a commercially reasonable manner, which may result in a USD equivalent amount calculated as above to be zero. Notwithstanding the above, if the Issuer executes a transaction for the sale of the Reference KZT Amount at or about 11:00 am London time at the Best Execution Rate, then such Best Execution Rate shall be the Reference Rate;

“Reference KZT Amount” means an amount that is no greater than the Relevant KZT Amount multiplied by N, where “N” means the number obtained by dividing the Nominal Amount outstanding by the Specified Denomination;

“Relevant KZT Amount” means the KZT amount per Specified Denomination which would have been payable on the relevant date if a Settlement Disruption Event had not occurred; and

“Settlement Disruption Event” means any of the events specified under (i) and (ii) below, as determined by the Calculation Agent in its sole discretion acting in good faith and in a commercially reasonable manner:

- (a) the imposition of laws or regulations by the relevant central banking authority or other legislative, governmental or regulatory authority of the Republic of Kazakhstan, which (i) require non-residents of the Republic of Kazakhstan to obtain permission from such central banking authority or other authority to obtain KZT, or (ii) otherwise restrict a non-resident’s ability to obtain KZT, or (iii) otherwise regulate the purchase or holding of KZT such that costs are imposed in obtaining KZT which would not be imposed in the absence of such regulations, or (iv) has the direct or indirect effect of hindering, limiting or restricting the transfer of KZT from the Republic of Kazakhstan to recipients resident in another country;
- (b) Euroclear and/or Clearstream, Luxembourg suspend or cease acceptance of KZT as a settlement currency.

Annex B
Additional Terms Relating to the Interest Amount and Rate of Interest Determination

The Rate of Interest for each Interest Period will, subject as provided below, be Compounded TONIA.

For any Interest Period, “**Compounded TONIA**” will be calculated by the Calculation Agent on each Interest Determination Date as follows, and the resulting percentage will be rounded, if necessary, to the nearest second decimal place of a percentage point, with 0.005 being rounded upwards:

$$\left(\frac{TONIA Index_{End}}{TONIA Index_{Start}} - 1 \right) \times \left(\frac{365}{d_c} \right)$$

where:

“**d_c**” means the number of calendar days from (and including) TONIA Index_{Start} to (but excluding) TONIA Index_{End};

“**Interest Period**” means each period from and including the prior Interest Payment Date (or if there is no prior Interest Payment Date, the Interest Commencement Date) to, but excluding, the next Interest Payment Date (or, in the case of the final Interest Period, the Maturity Date, or in the case of the Notes becoming due and payable, the date on which the Notes become due and payable);

“**TONIA Index**” in relation to any calendar day shall be the “TONIA Compounded Index (TCI)” value published by the Kazakhstan Stock Exchange (“**KASE**”) as administrator of the TONIA reference rate (or a successor administrator) on the Relevant Screen Page on or before 8:00 p.m. (Almaty Time) on such day;

“**TONIA Index_{End}**” means the TONIA Index value on the day which is fourteen calendar days preceding (i) the Interest Payment Date relating to such Interest Period, (ii) in the final Interest Period, the Maturity Date, or (ii) if the Notes become due and payable, the date on which the Notes become due and payable (each, an “**Index Determination Date**”);

“**TONIA Index_{Start}**” means the TONIA Index value on the day which is fourteen calendar days preceding the first date of the relevant Interest Period (an “**Index Determination Date**”); and

If the TONIA Index is unavailable on the Relevant Screen Page on any relevant Index Determination Date, “**Compounded TONIA**” will be calculated by the Calculation Agent on the relevant Interest Determination Date as follows, and the resulting percentage will be rounded, if necessary, to the second decimal place of a percentage point, with 0.005 being rounded upwards:

$$\left[\prod_{i=1}^d \left(1 + \frac{TONIA_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

“**d**” is the number of calendar days in the relevant Reference Period;

“**i**” is a series of whole numbers from one to d, each representing the relevant calendar day in chronological order from, and including, the first calendar day in the relevant Reference Period;

“**n_i**” for any calendar day “**i**” in the relevant Reference Period means the number of calendar days from and including such day “**i**” up to, but excluding, the following calendar day;

“**Reference Period**” means the period from and including the date falling fourteen calendar days prior to the first day of the relevant Interest Period and ending on, but excluding, the date falling fourteen calendar days prior to the Interest Payment Date for such Interest Period (or the date falling fourteen calendar days prior to such earlier date, if any, on which the Notes become due and payable);

“**TONIA_i**” means the TONIA Reference Rate for the calendar day “i” in the relevant Reference Period (and published on the same calendar day).

“**TONIA Reference Rate**”, in respect of any calendar day, is a reference rate equal to the daily Tenge OverNight Index Average (“TONIA”) rate for such day as published by KASE on or before 8:00 p.m. (Almaty time) on the “TONIA” page on the KASE’s website (https://kase.kz/en/money_market/repo-indicators/tonia/) (the “**TONIA Screen Page**”), or if such page is unavailable, as otherwise published by the KASE or successor administrator for the purposes of publishing the TONIA Reference Rate, on the immediately following calendar day.

For the purposes of this Pricing Supplement, “Relevant Screen Page” or “TONIA Screen Page” means, when used in connection with any designated page, the display page so designated by the KASE, or (i) any successor display page, other published source, information vendor or provider that has been officially designated by the sponsor of the original page or source; or (ii) if the sponsor has not officially designated a successor display page, another published source, service or provider (as the case may be), the successor display page, other published source, service or provider, if any, designated by the relevant information vendor or provider (if different from the sponsor).

If, in respect of any calendar day in the relevant Reference Period, the Calculation Agent determines that the TONIA Reference Rate is not available on the TONIA Screen Page or any successor page or website of the KASE or successor administrator for the purposes of publishing the TONIA Reference Rate, such TONIA Reference Rate shall be (i)(a) the National Bank of Kazakhstan’s (“NBK”) Base Interest Rate (the “Base Rate”) prevailing at close of business on such calendar day if that day is an Almaty Business Day (as published on the NBK’s website: <https://nationalbank.kz/en> (the “NBK Website”)), or (b) if that calendar day is not an Almaty Business Day, or if the Base Rate is not published by the NBK at close of business on such Almaty Business Day, the Base Rate prevailing on the last Almaty Business Day on which the Base Rate was published on the NBK website; plus (ii) the mean of the spread of the TONIA Reference Rate to the Base Rate over the previous five days on which a TONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and the lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Base Rate.

For purposes of this paragraph, “**Almaty Business Day**” means any day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Almaty, Kazakhstan.

Notwithstanding the paragraph above, if the NBK publishes guidance as to (i) how the TONIA Reference Rate is to be determined or (ii) any rate that is to replace the TONIA Reference Rate, the Calculation Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine TONIA for the purpose of the Notes for so long as the TONIA Reference Rate is not available or has not been published by KASE or other replacement source.

If the TONIA Reference Rate ceases to exist, and the Calculation Agent determines that there is no industry accepted successor base rate for debt market instruments linked to the TONIA Reference Rate, and that no substitute or other successor base rate is comparable to the TONIA Reference Rate, the Rate of Interest will be determined by the Calculation Agent as the Base Rate last published by the NBK and appearing on the NBK website at 8:00 pm (Almaty time) on the Interest Determination Date.

If the Notes become due and payable in accordance with Condition 9, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Pricing Supplement, be deemed to be the date that is fourteen calendar days prior to the date on which the Notes became due and payable and the Rate of Interest on the Notes shall, for so long as the Notes remain outstanding, be that determined on such date.

Annex C

Subscription and Settlement Process

A. Subscription

The Notes will be placed among investors on the KASE via the subscription method described below (“**Subscription**”), which will be conducted in accordance with the KASE Rules of Conducting Subscription to Securities effective from 1 July 2022, as amended from time to time (“**KASE Subscription Rules**”). The process includes the following main steps:

1. At least three (3) Kazakh Business Days before the Subscription day, the Dealer files an application with the KASE on subscription of the Notes (“**Subscription Application**”);
2. The KASE requests the KCSD to confirm that the KCSD agrees to: (i) carry out the relevant checks if requested by the Dealer, and (ii) provide additional information on the investors' sub-accounts if requested by the Dealer in the Subscription Application;
3. Not later than one (1) Kazakh Business Day following the receipt of the request from the KASE, the KCSD shall take a decision to carry out (or refuse to carry out) the Subscription;
4. Not later than one (1) Kazakh Business Day following the receipt of the KCSD's decision to carry out the Subscription, the KASE shall take a decision to carry out (or refuse to carry out) the Subscription;
5. Not later than one (1) Kazakh Business Day following the date when KASE was informed of the KCSD's decision to carry out the Subscription, the KASE shall (1) notify the KCSD in writing of the KASE's decision on assignment to the contemplated Subscription of a unique number and (2) publish an announcement relating to the Subscription, parameters and terms thereof on the KASE's official web page;
6. On the Subscription day, the investors (i.e., the potential buyers of the Notes, being members of the KASE who participate in the Subscription of the Notes as a “buyer”, including on behalf of their clients) shall make their bids through the KASE's trading and clearing system;
7. After the bids are registered in the KASE's trading and clearing system, the bids shall be transferred by a clearing organization (i.e. KASE Clearing Center JSC (the “Clearing Center”)) to the KCSD for checking on a daily basis. If a bid does not meet the criteria set by the Dealer, it will be rejected by the KASE's trading and clearing system;
8. The Clearing Center shall disclose additional information (which the Clearing Center had previously obtained from the KCSD or, in case KCSD does not have such information, from the “buyer”) on the investors' details to the Dealer;
9. Typically, on the same day but on no account later than one (1) Kazakh Business Day following the day on which the Subscription is made, the KASE shall prepare a register of accepted bids and send it to the Dealer;
10. The Dealer, upon being instructed by the Issuer, shall decide on the cut-off price, determine the final terms of the Notes and prepare a register of satisfied bids. The Dealer may, in consultation with the Issuer, refuse to satisfy any of the bids or satisfy any of the bids partially;
11. Typically, on the same day as the Dealer receives the register of accepted bids, but on no account later than one (1) Kazakh Business Day before the date of satisfaction of bids, the Dealer must send the register of satisfied bids to the KASE.

12. The KASE shall check the register of satisfied bids for any change in the parameters and/or the number of accepted bids. The KASE shall notify the Dealer if errors are identified in the submitted register of satisfied bids or the received file is damaged (the file cannot be correctly processed). If the Dealer fails to rectify the errors in the register of satisfied bids within one (1) Kazakh Business Day on which the deals are concluded, the KASE may declare the Subscription cancelled.

B. Settlement

Delivery of the Notes free of payment

Following the Subscription of the Notes, the Issuer shall issue the Notes and register them with Clearstream, Luxembourg under English law. Once the Notes are reflected in the Clearstream, Luxembourg system, they will be delivered free of payment to the account of the KCSD in Clearstream, Luxembourg and subsequently reflected in a sub-account for the benefit of the Issuer in the Dealer's account in the KCSD. Such delivery will be carried out as follows:

1. The Agent shall file an instruction through Clearstream, Luxembourg to arrange the delivery of the Notes to the KCSD's account in Clearstream, Luxembourg on a free of payment basis;
2. The Dealer shall file an instruction with the KCSD to register the acceptance of the Notes and reflect them accordingly in the Issuer's sub-account in the Dealer's account in the KCSD;
