press release

Karaganda Branch of SB Sberbank JSC has financed Alamservice LLP, transport and logistics company

Sberbank in Kazakhstan jointly with EDF Damu JSC has financed the project of Alamservice LLP, Kazakhstan transport and logistics company, which has been operating in the market since 2004. Financing of the company in the amount of KZT 260 million was made to acquire 25 gondola cars.

“The acquisition of additional train set units will give Alamservice LLP a significant impetus to the further development of its own transport infrastructure. This, in turn, will allow it to reach a higher level of transit and delivery speed. Sberbank actively supports similar domestic infrastructure projects that allow to stimulate sales turnover and therefore are of particular importance from the point of view of further development of the country's economy,” Yeldar Tenizbayev, Deputy Chairman of the Management Board for Corporate Business of SB Sberbank JSC, said.

The main activity of Alamservice LLP is the maximum optimization of logistics projects (delivery of various goods to international and domestic directions, cargo consolidation, customs clearance). The company's services are provided to both large industrial enterprises and small companies, which is associated with a wide range of services in the field of forwarding services.

“In addition to the transport service, Alamservis LLP also provides a wide range of related services in the field of logistics, such as the provision of warehouses, access roads, the organization of loading and unloading operations, and much more. Today we already have more than 500 gondola cars in operation. But considering the significant increase in the number of clients and, accordingly, the freight traffic, we have decided to purchase additional transport units for promptly solving the problems of our clients. We have applied to the staff of Karaganda Branch of SB Sberbank JSC, who have provided us with the necessary assistance in the successful implementation of our project,” Saidamin Sanginov, Head of Alamservice LLP, noted.

Financing of this investment project was made in the framework of the state Road map 2020 program and aimed at the implementation of the priority sector of Transport and Storage program.
